

RUSS TROOPS CONTINUE TO WIN GROUND

Have Advanced Into East-
ern Galicia, Smashing
Austro-German Lines.

GERMAN RETREAT MUCH DISORDERED

Enemy Believed to Have
Rushed in Fresh Troops to
Support Routed Ranks.

Associated Press Summary.

Russia's victorious troops have made a further advance in eastern Galicia where the Austro-German lines were shattered by General Korniloff's drive. The capture of the village of Novica, southwest of Kalusz, is officially announced by Petrograd. The Germans evidently brought up fresh troops in an effort to stay the disorganized retreat of the Teutonic force in this region, as the Petrograd war office reports two counter attacks made in an attempt to dislodge Russians from Kalusz. These efforts met with no success.

The German war office again reports considerable activity near Dvinsk and Smorgon by the Russians in their statement, indicates no offensive there.

Stiff fighting is reported in Belgium near Lombaertzyde and Berlin announces the British attacks were broken down with heavy losses.

Heavy artillery fighting is in progress near St. Quentin, between Craonne and Courcy.

VON BETHMAN-HOLLWEG REPORTED HAVE RESIGNED

London, July 14.—Doctor Von Bethman-Hollweg, German imperial chancellor has resigned. Doctor George Michaelis, the Prussian, under secretary of finance for commissioner, is appointed his successor.

All indications are the resignation of the German chancellor is but the beginning of far reaching developments which are bound to affect the fabric of the German empire, and have momentous consequences on progress of the European struggle, as the resignation came rather unexpectedly. Chancellor seemed to have triumphed over his opponents by concessions tantamount to the formation of a coalition ministry. The advent of the crown prince changes the situation. He opposed the chancellor.

LIVE OAK CAMP TO HOLD INITIATION

Live Oak Camp No. 1, W. O. W., expects to have a gala time next Tuesday when a class of about fifteen will be inducted into the forest. The degree team will do the work, and as this team is one of the best of its class in this district, some beautiful work is looked for. Member of the camp at Muscogee will be on hand, and the initiation will be impressive and interesting to all. Of course, members of the W. O. W. only are to be allowed in the room where the initiation will be pulled off, but that does not necessarily mean that only members of the host camp are expected to be there. On the contrary every member of the Woodmen are extended a cordial invitation and will be welcomed.

Live Oak's meeting hall is at 1171-2 West Garden street, and the gala time will be held on Tuesday night of this week.

PLAN TO REQUISITION SHIPS, FORMULATED

Washington, July 14.—Plans for requisitioning Monday of all steel merchant ships under construction in this country has been completed by General Goethals, manager of the emergency fleet corporation. No ships under construction for the government will be requisitioned. No vessels under repairs will be taken over. Work on ships under construction for three hundred and forty-eight ships, possibility of trouble between himself and the shipping board is seen over the building program.

ONE HUNDRED MILES MADE IN 62 MINUTES

Fort Snelling, Minn., July 14.—Ira Vail, driving an American-made car, won the hundred-mile derby feature of Red Cross race, covering the distance in one hour, two minutes and nineteen seconds.

STARS AND STRIPES FLUTTER WITH THE TRI-COLORS OF FRANCE

Fluttering in the breeze, high atop the American National Bank building, the French tricolor floated below the Stars and Stripes yesterday, in honor of our indomitable ally.

Elsewhere throughout the city, the two flags were in evidence, and on the corners where the women of the city were taking collections for the French war orphans, were little stands with the two banners crossed.

PICKETS ARE UNDER ARREST

SIXTEEN SUFFRAGISTS WHO AT-
TEMPTED A DEMONSTRATION
AT WHITE HOUSE ARE PUT
IN JAIL.

Washington, July 14.—Sixteen suffragists of the woman's party, attempting to stage a picketing demonstration at the White House gates today in celebration of the anniversary of the fall of the Bastille were promptly arrested and taken to jail. Each gave \$25 bail for appearance Monday for trial on charges of impeding traffic.

There virtually was no disorder, a crowd of about a thousand people gathered for the widely advertised show, contenting itself with hooting and jeering as the police escorted the women away.

The women, marching from the headquarters nearby, approached the White House grounds in three groups, one heading for the east gate, another for the west gate and the third arriving late at the east gate to replace the members of the first section when they were arrested. In each instance the police endeavored to persuade the marchers to "move on," before making arrests.

The banners carried bore various inscriptions, including the motto of the French revolution, "Liberty, equality, fraternity."

PENSACOLA BOY IS DROWNED IN OREGON

Information has been received by Pensacola relatives of the accidental death by drowning of Jos. C. White, a young man who formerly resided in Pensacola. He was drowned in a river at Portland, Oregon, and the sad part of it is that the body remained undiscovered for about a week. The remains, however, upon being taken from the water, were by relatives given a Christian burial. The funeral took place Friday, and a telegram announcing the sad news reached Miss Lilla McKinlay, his aunt.

During his residence here, the young man held the esteem of all who knew him, and many who remember him will deeply regret to know of his fate. While here he was a devoted and conscientious member of St. Katharine's Episcopal Church.

WOODMEN TO PAY WAR TAX ASSESSMENT

Local members of the Woodmen of the World, like "choppers" all over the country, will be taxed an additional ten cents per month, to provide a war fund measure. There are 800,000 members in the United States and this will build up quite a fund. A resolution establishing this tax was passed at the late meeting of the Sovereign Camp, at Atlanta, and a dispatch from that point in relation to the slight increase is as follows:

Atlanta, Ga., July 14.—Delegates to the twelfth biennial convention of the Sovereign Camp, Woodmen of the World, in their session here have approved an emergency war fund measure providing for the taxation of ten cents monthly of 800,000 members of the order for the period of the war. The fund will be used to pay the insurance claims of Woodmen killed or physically disabled while in war service. It is estimated more than 25,000 members are already serving the colors. The delegates visited the grounds of the Southeastern Fair Association yesterday afternoon, where horse races and athletic events were held for their entertainment.

STRIKE ON RAILROADS IN SOUTHEAST SETTLED

Washington, July 14.—The strike which would have affected twenty-six thousand shophmen, on a dozen southeastern railroads, has been settled by the department of labor. Strike would have started Thursday. Both sides agreed to submit to a question of arbitration, after a conference with leaders. The railroads include the Southern, Atlantic Coast Line, Seaboard and Central of Georgia.

PREPARE FOR EARLY DRAFT NEW WAR ARMY

Not All Exemption Districts
Heard From, Hence Un-
certainty Date of Action.

GENERAL PLANS TO BE FOLLOWED

Most of the Missing Dis-
tricts Are in Large and
Populous Cities.

BY ASSOCIATED PRESS.

Washington, July 14.—With 947 of the 4,559 exemption districts still unheard from today, an accurate prediction as to the date of the drawing under the army selective conscription law still was impossible. Most of the officials believed, however, that all would be ready for the drawing next week.

Most of the missing districts are in large cities and will report about the same time.

Meanwhile nominations for the district appeal boards still await action by President Wilson. The full list of men recommended has been submitted by Brigadier Gen. Crowder, provost marshal general. There will be no need to delay the drawing for these nominations. In each state the number that will mean from each district is now being determined by the governor.

In any state the allotment of quota by districts may range widely. One district may be called upon for several hundred men and another for only two or three, due to credits for volunteers, distribution of registrants or other factors.

Another factor in the drawing that may prove puzzling is the fact that the rotation numbers will not be the same in every district. If the largest district has seven thousand men registered and the smallest 157 and the others range between, 7,000 numbers would have to be drawn. The first serial number might be 6,775. That would mean that number 6,775 would be first up in every district which had 6,775 men or more. It would mean nothing to any district with less than 6,775 registrants.

The second number drawn might be 25. Then in all small districts No. 25 would be first up but in districts having 6,775 or more registrants No. 25 would come up second.

AERO BRANCH IN THE NAVY IS POPULAR

One application was received at the navy recruiting station yesterday, that one being James Jackson Davis. A number of young Pensacolians applied for information concerning enlistment in the aeronautic service, and it is expected that recruiting in this branch will receive a big boost by next week.

With the showing of the navy training moving picture, it is expected that great interest will develop and recruiting be stimulated.

"THE MANY FRIENDS" EVIDENTLY DON'T LIKE VERDICT OF THE JURY

Even if the dog does have his day, the cows have a habit of coming home, which may or may not be relevant. Except that these particular cows didn't.

Though the matter of no bob-tail having two days opens a wide range of discussion, which is another way of stating at the end of a story to tell it.

The whole affair is precipitated by the receipt of a letter by the Journal from "The Many Friends" of two white residents of Escambia county recently convicted of cattle stealing.

The letter states, the verdict of the jury to the contrary notwithstanding, that "some of the men that swore against them were thieves, liars and taken things themselves."

It closes with the somewhat philosophical deduction that "every dog has his day and no bob-tail has two," but who the bob-tail is and what he needs with two is beside the point, and evidently not considered worthy of further discussion.

Thirty-four cents, nickels and pennies, were enclosed and the sum was promptly invested in a French war orphan button.

U. S. NAVY GUNNERS SENT ONE SLINKER TO BOTTOM OF SEA

BY ASSOCIATED PRESS.
An Atlantic Port, July 14.—A submarine was sunk in the Mediterranean by an American schooner which sailed from this port for a European port, according to advices received by owners from the captain. The naval gun crew on the vessel consists of six gunners and a petty officer.

MORE CARS FOR BAYSHORE LINE

ADDITIONAL EQUIPMENT BE
PURCHASED AT ONCE AND
WILL BE SENT IMMEDIATELY
TO PENSACOLA.

Additional equipment for the bay shore division of the Pensacola Electric Company will be purchased in New York during the coming week by General Manager T. J. Hanlon, and General Superintendent J. G. Holtzclaw, and will be rushed to Pensacola as soon as possible.

Mr. Hanlon will leave today, accompanying Mrs. Hanlon to St. Louis where she will visit. Mr. Holtzclaw will leave Monday and will join Mr. Hanlon at Washington. From which point they will proceed to New York. Mr. Hanlon will spend some time in Boston before returning to this city.

PENSACOLA TO PLAY THE HUNTINGTON TEAM

The Pensacola baseball team will play the fast nine from the U. S. S. Huntington, this afternoon at Maxent park, the game starting promptly at three o'clock. Burmeister will do the box work and Lorton will be on the receiving line.

Roebuck and Warren will be batter-
ies for the sailor boys.

This is expected to be one of the fastest games ever witnessed on the city diamond. The sailor boys have been strengthened very much in the last few games and are going to make spuds out of the big city team. Pensacola will also put one of the strongest teams in the field ever seen on the Pensacola diamond.

There will be no admittance charge to the game. Everybody is invited to come out and root for the home team. Pensacola's lineup: Griffin, Sanchez, McVoy, R. Hartman, Graham, Lorton, Stix, Villar Van Matre, Angelo, McVoy, D., and Burmeister.

AUDITOR GRAY HAS RESIGNED

LEAVES POSITION AT TALLAHASSEE
HASSEE TO BE PRIVATE SEC-
RETARY TO SENATOR TRAM-
MELL.

Tallahassee Bureau.

The Pensacola Journal.
Tallahassee, Fla., July 14.—R. Andrew Gray, state auditor, resigned that position today to become effective August first, when he will go to Washington to be the private secretary to United States Senator Park Trammell.

It is understood that the present administration would have been glad for Gray to remain in the state service as head of the auditing department, but Gray kept thinking of his friend Trammell and Trammell of his friend Gray, with the result that Gray has decided to go to Washington where the field is larger for his work, though the salary is smaller.

Though a young man, Gray's career is interesting and inspiring to ambitious youth. Son of a minister, he worked his way through college, receiving most of his training at the South Florida Military Academy, which later became part of the state university, where he graduated as a commissioned officer. He was a school teacher and editor of his home town paper before he became of age, being the publisher of the Havana, Florida, News and president of the town council of Havana soon after reaching his majority. Gray was elected to the legislature from Gadsden county in 1911, during which session he led successful a fight for uniform school text books. He resigned as principal of the Havana high school to accept the head of the insurance of the state treasurer's office here which was offered him by wire. He was later offered the secretaryship of the state pension board, which he accepted. He was appointed assistant state auditor in April, 1914, and resigned that position to accept appointment as secretary to Governor Trammell in July, 1915. He resigned that office and was appointed state auditor in December, 1916. Today he resigned that position to become Senator Trammell's secretary.

PAROLE ASKED BY GOV. CATTS FOR CAMPBELL

Makes Trip to Washington
to Confer With Dept. of
Justice Officials.

SPENT SEVERAL DAYS AT CAPITAL

Was Accompanied by Joe
Earman, a Recent Ap-
pointee of Governor.

Washington Bureau.

The Pensacola Journal.
Washington, July 14.—Governor Catts, of Florida, did not quite succeed in having his wife's brother, Blake Campbell, paroled from the Atlanta penitentiary, which is said to have been the purpose for which he spent the last four or five days in Washington, but he made some progress in that direction.

Accompanied by Joe Earman, formerly a prominent liquor dealer of Florida who is now publisher of the West Palm Beach Post, and whom the governor recently appointed to a lucrative position, Governor Catts called at the department of justice and on the members of the Florida delegation, but resolutely declined to devolve to newspapermen the purpose of his visit.

It is learned, however, that he conferred with the department of justice officials in an effort to obtain a parole from the Atlanta penitentiary for Blake Campbell, formerly assistant cashier of a bank at Montgomery, Ala., who was sentenced to five years for irregularities. Campbell has served nearly three years and will soon be eligible for parole. Catts had a recommendation for parole from the trial judge and district attorney but neglected to get a letter of recommendation from the Atlanta jail warden. This will take about ten days. Then action may be taken.

In an effort some time ago to have his brother-in-law pardoned Catts became angry over refusal of the attorney general to grant the parole wrote the attorney general he would run for president and when elected would turn him and all the other government officials out of office.

Gov. Catts left Washington last night. He will spend Sunday with relatives in Charlottesville, Va., and go to Atlanta Monday, where he will address the convention of the Woodmen of the World.

MAY IDENTIFY DROWNED MAN

MOBILE PARTIES MUCH INTER-
ESTED, BELIEVING THE UN-
FORTUNATE IS WILL LIPS.
COMB. OF THAT CITY.

Identification of the white stranger, whose body was found floating in the bay early Friday morning, was almost positively established last night when Police Clerk Welsh received a wire from A. T. Watson, of Mobile, asking for a minute description of the unfortunate. A description was wired as requested, and later in the day another telegram was received urging that the body be kept until he, Watson, could reach here. It is understood that Mr. Watson will arrive this morning.

Investigation yesterday conducted by Police Commissioner Frank D. Sanders resulted in the discovery that the dead man had been here in company with another Mobile man, who with a young lady, were detained at the police station upon the request of the mother of the girl, but who were released after it became known to the girl's parents that she had married him. Telegrams were sent to the Mobile police chief yesterday asking that such a party be looked up and possibly some light could be thrown on the recent past of the man, and a positive identification could be established. It is believed the drowned man was Will Lipscomb of Mobile, and the party, A. T. Watson, who wired several times yesterday, is expected to so identify the man today. In the meantime, Undertaker Pou has fixed up the body to guarantee its keeping for more than a week.

TWO ARE ALLEGED FURNISHED SEAMEN WITH INTOXICANTS

H. A. and W. H. Anderson, both white men, were locked up at the county jail last night by federal authorities on the charge of furnishing intoxicants to uniformed men. It is understood that they were detected passing liquor to sailors, and that provost guards were among the witnesses to the alleged transactions.

There was a decided effort last evening to keep the federal regulations from being violated, and a number of federal and state deputies were circulating on the streets, with the result that at least two cases were made against alleged violators.

COUNTY CROPS IN GOOD SHAPE

COMMISSIONERS ON TOUR OF
INSPECTION FIND 3,750 ACRES
USEFULLY EMPLOYED BY
FARMERS.

County Commissioners Gandy and McCurdy, accompanied by Road Superintendent McArthur, made a tour of inspection through the fifth district, in the northern part of the county, yesterday, to gather information to assist in drafting the annual budget which will be prepared next week.

They traveled 125 miles by auto and found the roads in the district in excellent condition. Commissioner Gandy was greatly impressed with the agricultural development, especially in Bratt precinct, where more than 3,750 acres are devoted to corn, cotton, peanuts and velvet beans. Mr. Gandy states that all of the crops are in splendid condition and will yield big returns. Among the farms in the precinct growing the crops mentioned above are L. Hanks and Bros., who have 400 acres; L. Langham, 150 acres; John Coleman, 100 acres; Oliver Wiggins, 180 acres; E. Y. Gardner, 700 acres; Hardy Bros., 300 acres; Marjorie Byrd, 60 acres; Geo. Trammell, 800 acres; E. Ward, 200 acres; David Bros., 600 acres.

Mr. Gandy says that the corn equals any that he has seen in the Ohio river bottom lands and he believes it will produce an average of 40 bushels to the acre.

ARE 37,393 PEOPLE IN ESCAMBIA COUNTY

Washington, July 13.—The census bureau estimates that the population of Escambia county, Florida, on June 5th, the day the national registration for war service was taken, was 37,393 and the total population of Florida, 925,641.

The bureau reaches these conclusions through mathematical calculation by taking the number of men who registered on that day as a basis. The bureau has found that as a general rule in all sections of the country the number of men who registered comprised 9.32 per cent of the total population.

Taking the number of men who registered as 9.32 per cent of the total population of the different localities the bureau has worked out its estimates of total population and furnished it to the war department today for its guidance in working out the draft for the war arms.

The bureau's estimates of the population of the other Western Florida counties are as follows:

County	Population
Santa Rosa	14,693
Okaloosa	8,326
Walton	10,225
Holmes	11,910
Washington	9,756
Bay	13,004
Jackson	24,238
Calhoun	7,403
Franklin	6,684
Jacksonville (City)	102,285
Tampa (City)	60,408

SITUATION GRAVE IN MISSOURI MINING TOWN

Flat River, Mo., July 14.—Gravity of the situation created by the trouble between American and foreign mine workers is increasing. A crowd of miners has voiced a determination to clear the district of foreign workmen, Italian and Russians and Poles, men women and children and all their possessions are departing from Bonne Terre by train, wagon or any conveyance obtainable.

OUINET, OF BOSTON, RETAINS CHAMPIONSHIP

Chicago, July 14.—Francis Ouimet, of Boston, won the western golf championship Middlethoian, defeating Kenneth Edwards, of Chicago, one up

FRENCH WAR ORPHAN DAY A BIG SUCCESS

Hundreds Participated in
Local Celebration of Our
Ally's Independence Day.

LARGE FUND FROM SALE OF BUTTONS

Delightful Concert by Artillery Band Brought
Day to a Close.

Hundreds of Pensacolians gathered in San Carlos Plaza last night to hear the concert by the Eighth Artillery band C. A. C., which brought the French War Orphans fund campaign to a fitting close. The band had been permitted to take part in the celebration through the courtesy of Major Hughes, commanding, and the selections were greatly enjoyed.

The day, as a celebration of the independence day of our ally, and as a fund campaign was pronounced a great success. From many public buildings and from street corners, automobiles and windows, the tricolor fluttered alongside of the Stars and Stripes. While the count was not complete up to a late hour last night, it is estimated that more than \$300 was raised by button sales alone, exclusive of the collection taken at the concert.

Beginning with "La Marseillaise," the national anthem of the French republic, and ending with the "Star Spangled Banner," the program included a number of patriotic airs. Particularly enjoyable, both in theme and rendition was the cornet solo, "Columbia," by Assistant Bandmaster D. T. Swihart. During a short intermission the ladies who were in charge of the campaign served supper to the members of the band.

So loudly was the "Sextette from Lucia" applauded that the musicians were forced to give an encore. Potpourri of "Operatic Gems," was a great favorite in the second part of the program, as was also the "Cavalry Charge," an excellent descriptive piece.

Following is the program:

- Part I.
Patriotic song, "La Marseillaise"—(Rouget de Lisle).
Overture, "America Forever"—(Tobani).
Medley, "Popular Songs"—(Taylor).
Cornet solo, "Columbia"—(Rollinson)—D. T. Swihart, assistant band-leader.
Fantasia, "Favorite Melodies"—(Safarik).
Selection, "Southern Plantation Songs"—(Contero).
Intermission.
Part II.
Medley, "Remick's Hits"—(Lampel).
"Sextette from Lucia," (Donizetti)—Messrs. Swihart, Bonner, White, Wright, Scheffer, Summers.
Selection, "Hawaiian"—(Lake).
Patrol, "The Blue and Grey"—(Dalberg).
Potpourri, "Operatic Gems"—(Tobani).
Descriptive, "Cavalry Charge"—(Luders).
Finale, "The Star Spangled Banner."

BOY CHARGED WITH THEFT OF \$122.75

Ernest Lockwood, a negro boy from the aeronautic station, was arraigned before United States Commissioner Sullivan yesterday morning on the charge of stealing \$122.75 from residents of the reservation, and was bound over to the grand jury. The boy was arrested several days ago by United States Deputy Marshal C. P. McMillan, but could not be given preliminary hearing until yesterday.

YOUNG PENSACOLIAN GETS A COMMISSION

Dr. Warren E. Anderson yesterday received a commission from the war department as first lieutenant in the medical reserve corps, effective immediately, and will probably be ordered away in a short while.

Dr. Anderson is a son of the late Dr. Warren E. Anderson and graduated from the medical school of Emory College little more than a year ago. Upon his graduation, he was tendered an intern ship in the French Hospital, New York City, where he has served for some time. He is at present in Pensacola, on leave, visiting his mother.
